

# QualiTack<sup>®</sup> 124

Lithium grease Willy Vogel 00

## Description

QualiTack 124 is a semi-liquid lithium grease based on mineral oils. The product contains anti-oxidants, corrosion inhibitors, extreme pressure and anti-wear additives and is widely used for central chassis lubrication systems. The high quality components in this product ensure a long lifetime of both product and equipment.

## Properties

- Good oxidation stability
- Excellent low temperature performance
- Excellent load carrying capacity

## Application

QualiTack 124 is especially developed to operate in Willy Vogel type central lubrication systems. It may also generally be used in closed gear and some transmission type systems.

## ISO Norm:

ISO 6743-9; L-XEBBB 00

## DIN Standard:

DIN 51825; KP00G-50
